Community Based Organizations began administering YHC Assessments as of April 20, 2015.

- The new YHC website, www.youthhousingconnection.org will continue to be updated with the most current assessment schedule.

Please note that updates for the July schedule have been posted

To Do

- **The Mobility Policy has been revised such that policies related to no contact and refusal are consistent with those for referrals of young adults in the applicant pool.** The new policy is posted on the YHC website, [here](#).
 - **An updated Mobility Request form is available on the [YHC website](#).** Young adults who want to submit a mobility request need to complete a new assessment; locations and times for completing a new assessment can also be found on the YHC website.
- **All assessors should be using the updated assessment packet that was released on July 16th,** available [here](#). This includes changes to the assessment tool, as well as an updated script for explaining consent. Assessment changes were implemented to support culturally-specific programs in our community.
- **All assessors have been given database access.** Please continue to contact CCS with technical issues.
 - **Assessments for young adults who do not consent to the database should be faxed to Samantha at 206-205-6565.**
- **To schedule a training, either as a YHC Assessor or as a Housing Provider who uses the database, please contact Samantha.**

Awesome Work!

Thank you to all housing providers for updating the Housing Inventory! Your work to make information about each housing program available to young adults is a key component of making successful referrals.
